

Premium Specification of Bobslei is for keeping Hygiene use.

○ Clean nozzle management (nozzle cleaning)

Simple nozzle control method can manage nozzle management clean easily with button control simply anytime, considering hygiene as utmost point.

○ Independent female and general washing (two built-in nozzles)

Which can minimize nozzle contamination by using two built-in nozzles not one.

○ Handle and nozzle with hygienic chrome quality feeling(option)

More clean and hygienic atmosphere at rest room is played, applying chrome quality feeling.

Before Washing

Nozzle can be kept clean and safe against contamination by foreign material thanks to unexposed nozzle outside.

Independent Washing Nozzle

Nozzle contamination can be minimized on the way of washing due to separate working of female and general uses.

Launched "Bobslei" Non-electric Bidet raising innovation global market!

Point. 1

100% Power Charge Save Monthly, Compared with Electronic Bidet!

No cost of maintenance by power consumption is needed entirely due to Non-electric power.

Point. 2
