KOTRA GLOBAL BRAND COMPANY  
HI-SEOUL BRAND COMPANY

## Is your skin safe from your environment?

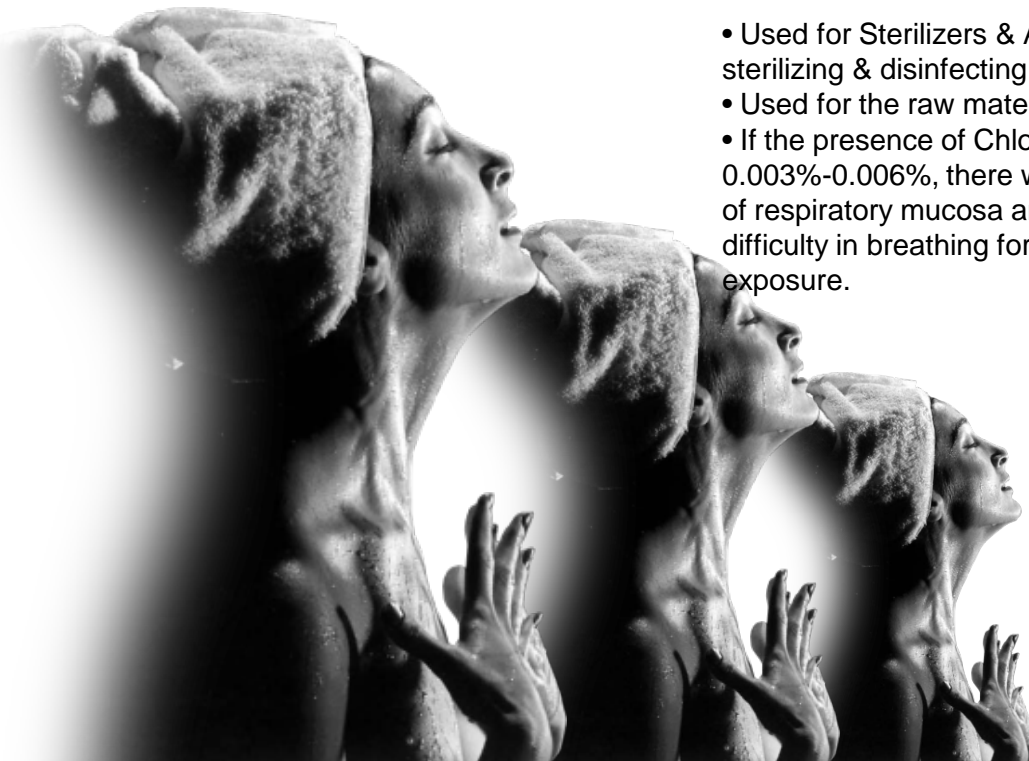

Our skins are always threatened from toxicities around us. Especially Water for cleaning skins is vulnerable from toxicities. And Chlorine could be found from our environment as one of toxicities that may generate a carcinogen.

### Characteristics of Chlorine

- Used for Sterilizers & Antiseptics by its sterilizing & disinfecting functions
- Used for the raw materials of bleaches
- If the presence of Chlorine in the air is 0.003%-0.006%, there will exist the injury of respiratory mucosa and it will cause the difficulty in breathing for the prolonged exposure.

Sources of Increase in Atopic Dermatitis

## Why you need to use Vita Shower Filter

Vita Shower Filter of WACO Corp has Vitamin C which is eatable, and it will be the best choice for your skin health.

# Vitamin C Aroma
